COMPACT
Goods-Only
Hydraulic Lift

KLEEMANN™
Your 1st Choice in Lifts

COMPACT Goods-Only Hydraulic Lift

COMPACT is the goods-only hydraulic lift for freights indented primarily for industrial facilities and warehouses. Reliability of performance, endurance to large freights and harsh work conditions and full compliance with legislation are characteristics that create the profile of a dependable working tool. The type of your COMPACT is set by your building and work requirements, since it adjusts to your standards by the flexibility of its production.

TROLLEY

CAR SLING

Features / Advantages

- Simplified design for long life
- Suspension 2:1 with maximum rated load up to 1500 kg
- Platform dimensions up to 2000 mm x 1600 mm
- Maximum travel height up to 11.5 m (max 3 landings)
- Maximum operating speed up to 0.15 m/s
- Safety devices: Instantaneous safety gear, Rupture valve
- Does not require separate machine room, a lockable cabinet is provided
- Type Examination Certificate according to Machinery Directive 98/37/EC
- Technical support and guarantee by KLEEMANN
